We have exciting news for all of you who consider Rocky Mountain Family Physicians your medical home. Jeff Kauffman, MD, Carrie Reynolds, PA-C, and Sydney Archuleta, PA-C, will be joining the growing Village MD network of providers in Northern Colorado. That means our office will be closing September 8, 2023.

You will have the opportunity, mid-September, to see any of these 3 providers at their assigned Village MD location in Fort Collins. Former RMFP providers Samantha Steelman and Amanda Benedict are already practicing at one of the many Fort Collins Village MD locations.

Over the next several weeks Village MD will contact you with locations and new office phone numbers.

From now until September 8th, we will continue our office operations as usual.

To prevent any medication lapses, we request you contact us no later than August 25th for refills.

Please check our web site for further information.
